

I'm Not Perfect

People tell me I have nothing to talk
since I'm just another girl on the block
But let me remind you ima at home
while your girlfriend is being a ...
I got my shit more together not like her
I'm not saying I'm perfect

you don't see me leaning over a toilet the next morning with a bad hangover,
I pop some Advil and get dressed
not like your bitch I can handle my liquor,
she's 4 questions in and feeling finished ,
I'm 7 answers in and feeling a little tipsy,
That's my limit ,
I know what I can handle
I don't gotta prove myself to no one,

Now you're gonna judge me on my past self but let me ask you this ,
Why can G-Easy rap about his experiences and get idolized
But you act like when I speak, I speak in a foreign tongue?
Because a 16 year old drinking is out of the question
when a 16 year old gets shot it's all over the news
I'm not saying it's irrelevant
I'm just saying we idolize death but never the struggle
idolize me when I get to the top
but when I'm struggling you kick me under the carpet,
I'm just a lip of coal,
Just remember coal turns into diamonds
And you'll be waiting on me one day
