They ask me to write down
My race and I think and think
Very seriously and consider
Writing down the truth and
Have my answer read...

I have two puppies which I enjoy
Taking care of them when they
Came they bring me happiness,
Now I don't feel as
lonely as before,

I have a beautiful family,
A sister who likes to play video games,
A mother who is good playing in the casinos,
My dad who works hard for my siblings
and for me ,

I have brothers who annoy me when they fight,
and make a mess
and a father who speaks spanish
better than English ,
A mother who's good at video games,
and likes to play with my siblings
A family that loves me and cares about me,

I have a family that is my way of life,
My support my everything and over all
who I am,
I was raised with excellents role models,
Which teach me who I am,
I am an excellent writer, honest girl
And I like school,

I have an education and I feel proud of it,
But I also feel sad that
Many people in my home country, El Salvador
Don't have an education
It's sad seeing people that don't know
How to write or read ,

I have to hold a shame in my
Heart because other people committed
Mistakes in the past and now my
Family got to play the prices of that,
Jail is not enough for people who have
Destroy families in they way mine was

Destroyed,
I think about the scars,
About the dreams but I think
More about what would it be
If this was a lie,
Nothing is going to change the
pain is already there,

But I stop
And simply write down
